perpetually forward-thinking

9to5 Seating is a vertically-integrated company that specializes in the design and production of ergonomic office seating to accommodate the rigorous demands of today’s office environments. 9to5 Seating presents an extensive collection of executive, task, guest, conference, stool, lounge and motion seating.

Becoming a member of the Flokk brand family recognizes our success story and promises ongoing dynamic growth. Flokk is the leading manufacturer of high-quality workplace furniture in Europe, and honors 9to5 Seating as its flagship brand in the United States.

9to5 Seating combines its state-of-the-art, in-house manufacturing systems with a commitment to continuous improvements in all phases of the operation. With our manufacturing resources, and Flokk’s support, we are confidently empowered to deliver quality products at unparalleled pricing, with numerous customization options and the best warranty possible.

Our dedication to becoming the leader in office furniture requires a deliberate and focused approach that extends beyond our chairs, in order to exceed customer expectations. When every detail is attended to, the result is a better choice. And that’s exactly what you get with 9to5 Seating.
This year, 9to5 Seating introduced new innovative seating options for use in executive, conference, task, lounge and waiting areas. Seating solutions for your dynamic work style.

9to5 Seating's ExpressShip Program

Need it fast? We have you covered with a wide variety of options!

Our ExpressShip program offers expedited shipment on our seating products and our 9to5 Seating collections, including the new Breeze Collection, Signature, Vivid and M1, M2, M3 and M4 Mesh.

Note, if ExpressShip fabric options are combined with other fabrics, then the lead time of the fabric with the longest lead time will be used. Memo samples are available. Please contact the factory for larger swatches.

Use actual material samples for color matching and ordering. Colors of printed samples may vary from actual samples.
Developed by the Business and Institutional Furniture Manufacturer's Association (BIFMA), LEVEL is a voluntary certification program in which third-party auditors measure a product and its producer against the ANSI/BIFMA e3 Furniture Sustainability Standard. The LEVEL program was created to provide the most comprehensive, unbiased and transparent means of evaluating and communicating the environmental and social impacts of commercial furniture products. The LEVEL mark demonstrates that the product, the manufacturing facility, and the company responsible for the product brand, have all met the requirements for certification. Visit www.levelcertified.org for more information.

Our entire product line earned GREENGUARD Indoor Air Quality Certification issued by the GREENGUARD Environmental Institute. The program assures that products designed for use in office environments and other indoor spaces meet strict chemical emissions limits.

9to5 Seating products contribute to healthier interior environments. Our products are manufactured using plastic, nylon, steel, aluminum and polypropylene components that are 100% recyclable; we offer fabrics made from 100% recycled content; and we also use suppliers that share an Earth-friendly philosophy. We’re proud that our products are certified below chemical emissions limits for TVOC, formaldehyde, total aldehydes, individual VOCs, and 4-phenylcyclohexene. Environmental Data Sheets for all 9to5 Seating products can be found at our web site www.9to5seating.com. For more information about GREENGUARD programs, visit www.greenguard.org.

At its core, a green building is a better-performing building. It uses fewer resources and offers a better place to work through improved energy and water efficiency, better air quality, and access to natural daylight. We have been awarded the LEED® NC Gold Certification for our newly constructed corporate headquarters and manufacturing facility. Visit https://9to5seating.com/sustainability/ to learn more about our commitment to sustainability.

9to5 Seating products

- Contribute to healthier interior environments
- Are BIFMA LEVEL 1 certified
- Add points for LEED Certification
- Are manufactured using plastic, nylon, steel, aluminum and polypropylene components that are 100% recyclable
- Use suppliers that share an earth-friendly philosophy
- Are certified below chemical emissions limits for TVOCs, formaldehyde, total aldehydes, individual VOCs, and 4-PCH

Environmental Data Sheets for all 9to5 Seating products can be found at 9to5seating.com.
While 9to5 Seating has many years of experience in the production of office seating, we truly differentiate ourselves from our competitors through our vertical integration, with wholly owned assembly and manufacturing facilities in both the United States and Asia. It is through this combination of vertical integration, with both domestic and foreign assembly and manufacturing, that we can offer the customer the product options and wide selection of upholstery at prices that rival foreign manufactured products. Most of our competitors buy various parts from suppliers overseas. Since they do not own the factories supplying these components, they can neither control the consistency of the raw materials going into the product, nor can they control the environment in which the part is manufactured.

At our factories, we ensure the quality of our materials by purchasing premium raw materials from world renowned suppliers such as BASF. Additionally, our factory operates at the highest environmental standards to ensure both the well-being of our employees and the planet.

Companies today and in the future, demand the most for their money without sacrificing quality, selection, and speed of delivery. 9to5 Seating is prepared to deliver.
For the All Series Except @NCE, Logic Plus, and chairs that include the Heavy Duty Specifications:

9to5 Seating warrants the aforementioned chairs for a period of ten (10) years of single-shift, standard commercial usage, as defined as a standard eight-hour work day, five days a week. Weight limits vary by product.

Upholstery fabrics, mesh and foam are warranted against wear through and deterioration during normal usage for a period of five (5) years. However, the company does not warrant leather against routine scratching and scuffing, as all leather is subject to minor variations in color, surface, grain, and texture.

Due to natural variations in material, furniture containing leather is sold subject to minor variations and/or irregularities of color, texture, and grain. 9to5 Seating makes no warranty that any of its products are suitable for any particular purpose. 9to5 Seating makes no warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, it is the responsibility of the user to determine the acceptability and usability of any materials as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall 9to5 Seating be liable in any tort or contract for any loss or special, incidental, consequential, or exemplary damages.

EXCEPT AS OTHERWISE PROVIDED, 9to5 Seating MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Backbone marks and stretch marks in leather give leather its unique characteristics and are considered to be part of the natural variations.

Institute (ANSI) for determining the strength and durability of seating in its everyday use. This statement does not serve as a warranty or guarantee, however, 9to5 Seating products found within this price list generally meet or exceed applicable standards to the extent necessary for normal usage. 9to5 Seating will inspect the part in question, and repair or replace with a comparable replacement not be available, 9to5 Seating maximum liability will be limited to the original purchase price of the product. Damages resulting from misuse, abuse, alteration, negligence, or accidents are not covered under this warranty. 9to5 Seating makes no warranty that any of its products are suitable for any particular purpose. 9to5 Seating makes no warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, it is the responsibility of the user to determine the acceptability and usability of any materials as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall 9to5 Seating be liable in any tort or contract for any loss or special, incidental, consequential, or exemplary damages.

Limitation of Liability

Under no circumstances, including but not limited to breach of contract, breach of warranty, negligence, and/or strict liability shall 9to5 Seating, its officers, directors, shareholders, employees, and agents be liable for any actions, claims, demands, damages, liabilities, costs, and legal liability in tort or contract, or any other legal theory arising out of the misuse or abuse, alteration, or damage of the product. Under no circumstances will the company be liable for injuries or damages arising from the use of the product.

9to5 Seating warrants the @NCE series of chairs for a period of five (5) years of single-shift use to the original purchaser; the company will repair or replace, at its option, factory-defective structural and mechanical parts with comparable products, without charge. This warranty is for single-shift, standard commercial usage, as defined as a standard eight-hour work day, five days a week. Weight limits vary by product.

For the @NCE Series:

9to5 Seating warrants the @NCE Series: 3211 Jack Northrop Avenue

9to5 Seating - Warranty Department

https://9to5seating.com/warranty-request/. Provide 9to5 Seating with a description of the failure and proof of purchase (Sales Order number on the bottom of the back of the receipt). Include serial number, proof of purchase, and COI, if available.

9to5 Seating reserves the right to make changes in design and construction or discontinue products at any time without prior notice. 9to5 Seating reserves the right to make changes to the lifetime warranty or price book.

Since textiles vary in weave, thickness and memory, some creasing and/or gathering may occur during the upholstery application process. Due to natural variations, the materials themselves, such as the fabric or leather, may be subject to minor irregularities of color, surface, grain, and texture. Textiles are sold subject to minor variations in color. Because leather is a natural product, variations of texture are common and should be expected. Leather will contain natural markings such as neck wrinkles, backbone marks and stretch marks in leather. These distinctions give leather its unique characteristics and are considered to be part of the natural beauty of leather.
