9to5[®]
s e a t i n g

At 9to5 Seating our mission is to deliver the highest quality seating at an unparalleled value. Our unique vertical integration enables us to perfect every detail, from production to service to delivery.

Our success over the past 15 years has been driven by our award-winning designs, fast shipping, and an unbeatable lifetime warranty. All of our task, side, conference, collaborative, and lounge chairs are easily customizable in your choice of fabrics, colors, and more. Our online Chair Designer tool makes it easy to visualize your perfect seating solutions.

As a member of the Flokk family of brands, we are a part of a team that specializes in the design, development, and production of workplace furniture. Our global network of 2500 employees, 1500 partners, 80 countries, and 9 brands are all focused on one thing – exceeding your expectations.

Sol

SMART DESIGN

Sol doesn't look like the average task chair because it isn't the average task chair. Sol seamlessly integrates technology and supports all the postures we assume as we read on tablets, text on phones, video chat or draw. A slim layer of upholstery or mesh cushions the back while allowing easy movement. And the sweeping aluminum flourish is instantly iconic.

Jax Lounge

RESHAPING COMFORT

Delivering dramatic lines and striking angles, Jax enriches any space with geometric design and unparalleled comfort. Perfect for work lounges and reception areas, choose the mid-back lounge for collaboration or the winged high-back lounge for focus. Each is available in steel four-leg, steel wire rod, or aluminum swivel base. Jax lounge chairs are part of the Jax Collection, which includes side models.

Jax Side

LOOKING SHARP

Jax side chairs strike a perfect balance between a strong presence and a lighter scale. Curate your space with your choice of bases: steel four-leg, wire, aluminum swivel, or five-star. These stylish seats can be tucked under a conference table, used for guests in a private workspace, and more. Jax side chairs are part of the Jax Collection, which includes high-back and mid-back lounge models.

Luna Side

A DREAM TEAM

Luna task and stool have been favorites for their versatile, modern design. Now, we've created the perfect complement: Luna side. With matching clean lines, the newest member of the Luna Collection is perfect for collaboration spaces, private offices, team rooms, and cafés.

Luna side captures many of the signature features of the top-selling task chair and tailors them for guest seating, including 18 mesh colors, thousands of textiles, Black or Dove Gray plastic, and Black or Silver metal frames.

Remy

SYNERGY IN MOTION

Right on-trend with the active sitting revolution, Remy makes taking a seat dynamic. Today's workers spend more than six hours sitting per day. Remy can help by making moving easy. By engaging the user's core, promoting great posture and supporting a healthy hip-to-femur angle, Remy's the smart choice for an alert, engaged workforce.

Clary

A SLIM SIDEKICK

With workspaces breaking out of the confines of the traditional office, adaptable seating is mission-critical. Clary, with its mesh or upholstered back choices and silver and black frame options, was designed to complement multiple 9to5 Seating task chairs: Neo, Neo Lite, Vault, Theory and Aria. It completes the design of a contemporary private office, lobby, benching area, huddle or break room.

Lilly

NEW COUNTER-HEIGHT STOOL

The latest addition to our popular lounge and side collection offers the comfort, value and style Lilly is known for – and brings it to the counter. The new Lilly stool is designed for cafés, huddle areas or wherever smart collaboration happens.

Neo & Neo Lite

NOW IN A BLACK FRAME

Whether it's a quick huddle or a full day at a desk, the Neo Collection task chairs and task stools keep you comfortable. Available in Graphite Gray, White, and now Black, each chair boasts ergonomic extras like height-adjustable lumbar support and synchro controls standard.

Kip

MODERN STACKING

A stacking collection with a simple yet elegant style. An all-mesh design provides breathability, comfort and easy portability. Ideal for collaborative, training, café and classroom spaces.

Zoom

NEW ARMLESS OPTION

Zoom nester, task and task stool are ideal for high-traffic multi-purpose areas where movement and flexibility matter. Available with or without arms, Zoom comes in a Graphite Gray or White frame. Choose a plastic seat or go with upholstered to tap into 9to5 Seating's selection of thousands of fabrics.

@NCE

BEYOND FAST

All of the models in the @NCE program are in stock and ready to ship in 24 hours, so you don't have to sacrifice options for speed. Choose from transitional, contemporary, and modern task and conference seating options for your project. We've expanded @NCE to be your one-stop solution: two conference/executive chairs — @305 and @306 — plus the new @205 task chair with a breathable mesh back.
