Control Guide

Recline with a synchro back and seat movement featuring a 2:1 back to seat tilt ratio. Reduced rise of front seat edge. 11 position multi-lock with built-in safety return feature. Integrated seat slider and forward pitch adjustment.

Seat Height Lever:
Twist the lever to raise the seat, Release the lever to lock at the desired height . Lift and hold lever while applying weight on seat to lower seat height.

Back Multi-Lock W/ Safety Release:

Lift the lever up to release the back . Angle the back into desired lock position then push the lever down to lock the back into place.

Right when seated

Left when seated

Tilt Tension Control Knob:
Pull the knob outward for easy access and turn knob clockwise to tighten the tilt tension and counter clockwise to loosen tilt tension.

Forward Tilt Seat Lever:
Rotate lever clockwise towards the floor to increase pitch of seat from 0 to 6 degrees. Rotate counter clockwise towards the bottom of the seat to return seat to level position. Lift weight from seat before rotating lever.

Seat Slider Paddle:
Pull and hold the seat slider paddle and move the seat to the desired location and release the paddle to lock the seat in place.
