

Graded-In Textiles

In order to offer optimal customization with our upholstery, customers must indicate a railroad orientation on a purchase order. Fabric manufacturers suggest within the specifications if a fabric pattern is recommended for railroad orientation. This spreadsheet indicates fabrics that manufacturers recommend a railroad orientation.

Railroad or horizontal orientation requires more fabric than vertical orientation. When railroad orientation is requested, the fabric grade will be increased by one grade to compensate for any additional fabric. Please indicate railroad orientation if this is desired on a purchase order. The order will be handled as a special, and the railroad orientation will be executed.

*No leathers are approved for Jax High-back or Capisco Puls models.
