All patterns meet flammability requirements of California Bulletin 117 - 2013, NFPA 260 and UFAC Class 1.

*This term and any corresponding data refer to typical performance in the tests indicated and should not be construed to imply the behavior of this or any other material under actual fire conditions.

These patterns do not contain added flame retardants.

Meets or exceeds these A.C.T. Performance Standards:
