# Letter from the President

We have come a long way since the launch of 9to5 Seating in 2004, but the key elements of our founding vision remain solid: Always deliver the highest quality seating at an unparalleled value by perfecting every detail from production to service to delivery. At 9to5 Seating, our passion for our business is also at the heart of our environmental practices. This commitment to a healthy planet is part of our manufacturing and business strategy and guides us to make smart choices when it comes to materials and processes.

9to5 Seating offers quality products, backed by one of the best warranties in the industry, strong customer service and aggressive pricing. We are able to control these aspects of our business, due to our unique vertical integration model. By controlling every step of the manufacturing process, we are able to set the pace of our own growth. With the expansion of our factory in Hawthorne, CA, we look forward to more growth and increased production.

During this growth, we will continue to maintain our BIFMA LEVEL Certification for all our products, LEED Gold certification of our Hawthorne, CA facility and strive to expand our efforts in corporate responsibility.

**Frederik Fogstad**

CEO AND PRESIDENT OF 9TO5 SEATING

# About this Report

9to5 Seating reports to the Business and Institutional Furniture Manufacturer's Association (BIFMA) on sustainability issues along with our continued participation in the Social Responsibility Report.

This report provides a look into areas of interest that most meaningfully demonstrate our goals of social responsibility, along with environmental and economic sustainability.

The issues discussed in this report include social inclusiveness, diversity, employee health and safety, labor and human rights and community commitment. Environmental topics include energy and water consumption, waste management and greenhouse gas reduction.

Our 2025 Corporate Responsibility Report contains Standard Disclosures and Performance Indicators from the GRI G4 Sustainability Reporting Guidelines. Additional information on the G4 Guidelines can be found at [www.globalreporting.org](http://www.globalreporting.org).

This GRI Report has been internally reviewed by our Executive and Management Teams and includes information pertaining to 9to5 Seating headquarters and manufacturing facilities located in the USA. Additional information about 9to5 Seating is available on our website: [www.9to5seating.com](http://www.9to5seating.com).

## INTERNAL STAKEHOLDERS

- Owners
- Customers
- Employees
- Lenders/Creditors
- Suppliers

## EXTERNAL STAKEHOLDERS

- Users of 9to5 Seating
- Government, Trade & Professional Associations (BIFMA, LEED, etc.)
- Community Members
- Potential Customers
- Employees
- Auditors
- Consultants
- Competitors
- Future Generations

# Product Responsibility

We are committed to reducing, reusing and recycling the by-products and waste generated during our manufacturing process through our membership in WasteWise. WasteWise is an U.S. Environmental Protection Agency's program in which organizations track their waste reduction efforts to benefit the environment.

## 9to5 Seating's efforts to reduce manufacturing waste include:

- Optimize machinery cycle times to manufacture parts in minimal time increments.
- Evaluate environmental effects before pursuing new products or purchasing equipment to ensure alignment with environmental commitments.
- Select materials that reduce or eliminate toxic and environmentally damaging materials Utilize water-based, environmentally friendly adhesives throughout our manufacturing facilities.
- Use of recycled raw materials in the production urethane components when possible.
- Sort and recycle rejected plastic components via five re-grind machines.
- Employ molded foam production in over 95% of products, greatly reducing scrap urethane.
- Work exclusively with plywood suppliers that participate in forest restoration.
- Collect and recycle all excess fabric, dacron and leather.
- Accurately determined the current carbon footprint through Life Cycle Assessment (LCA).
- Identified hot-spots in energy consumption and associated CO2 emissions.
- Optimized energy efficiency and reduced CO2 and GHG emissions contribution from production processes.
- Identified solutions to neutralize CO2 emissions that cannot be eliminated through energy saving measures.

# Who is 9to5 Seating

## MISSION

Founded in 2004, 9to5 Seating specializes in the design and production of ergonomic and aesthetically pleasing office seating to accommodate the rigorous demands of today's office environment. With many years of experience in the manufacturing of office seating, 9to5 Seating differentiates itself from its competitors through its vertical integration. The combination of domestic and foreign assembly and manufacturing, with wholly owned facilities in the United States and China, offers the customer a wide variety of upholstery material only when manufactured in the United States, allowing 9to5 Seating to compete with prices of completely foreign manufactured products.

Unlike many competing companies, the vertical integration of 9to5 Seating paired with the highest quality raw materials and state of the art manufacturing equipment results in 9to5 Seating building with quality rather than checking for quality.

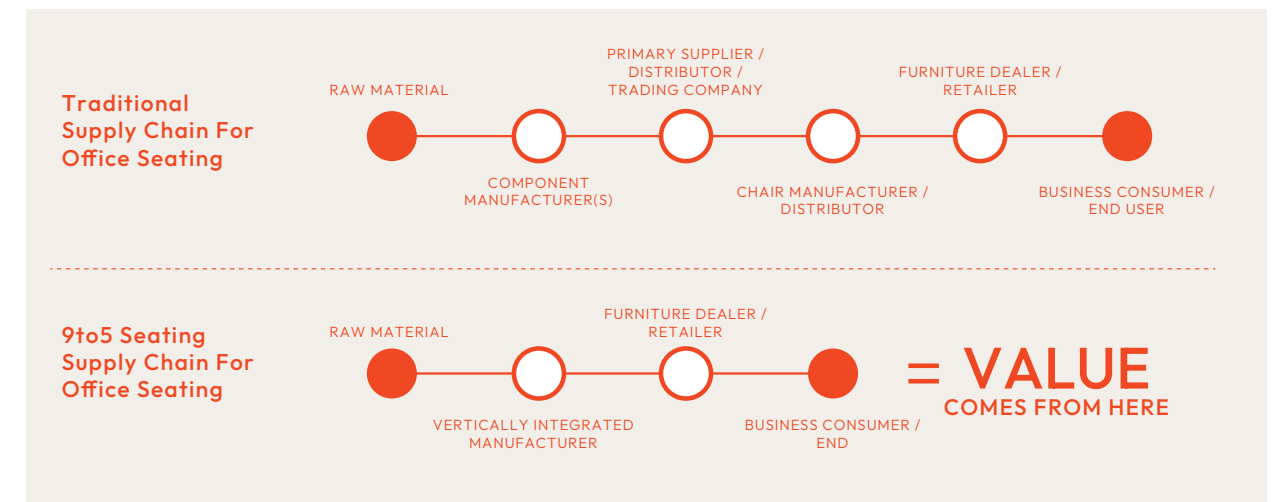

Companies today demand the most for their money and 9to5 Seating is prepared to deliver the highest quality product without sacrificing selection or speed of delivery.

### Below are some highlights of the program:

- Lead Time: 5 Business Day Quick Ship and Standard 10 and 15 Day Lead time
- Textiles: Choose from thousands of commercial grade designer textiles from Architex, Arcom, CF Stinson, Designtex, Lindsey & Hall, Maharam, Mayer, and Momentum Textiles
- Leather: Select from a wide range of leather colors including 10 colors in leather/vinyl combinations
- Limited Lifetime Manufacturer's Warranty
- Premium Quality Components
  - Nylon Bases are made from 100% virgin glass reinforced nylon
  - All task, executive, and conference seating incorporate molded foam cushions

## SUPPLY CHAIN INNOVATION

Due to our vertical integration, 9to5 Seating has achieved efficiencies not found in the operations of other manufacturers. Our investment in facilities capable of producing chair components provides a cost advantage for our company on every chair we produce. Additionally our independence from third-party manufacturers allows 9to5 Seating to better control quality, lead time, and consistency. Traditionally, chair manufacturers have been forced to buy components at prices that support the overhead of the component manufacturer. 9to5 Seating's innovative supply chain has effectively eliminated this unnecessary overhead resulting in the extraordinary value found in our product.

## BUSINESS PRACTICES

It is an integral part of our corporate philosophy to promote environmental preservation. This ideology drives our endless commitment to a sustainable future.

### 9to5 Seating incorporates the following practices into our business functions:

- Compact and recycle 100% of inbound carton packaging material, protecting landfills from over 25 tons of cardboard every month!
- Assembled a national network of blanket wrap carriers to allow orders to ship without cartons.
- Produce all outbound cartons from recycled corrugated cardboard.
- Ship with blanket wrap carriers whenever possible to eliminate cardboard debris.
- Use of electric forklifts in lieu of propane or other fuel based vehicles.
- Recycle all paper cans and plastic bottles from daily office activities.
- Dispose of used computer equipment and machine oil through proper channels.
- Return empty photocopier/printer cartridges to our supplier for refilling.
- Utilize paperless systems for internal reporting and production/warehouse management.
- Specify recycled paper for all printed literature pieces.
- Rooftop photo voltaic panel system offsets 5,164,303 pounds of CO2 over its lifetime of 25 years, equivalent to the amount of CO2 emitted by driving 157,278 cars 50 miles a day for one year.

# Markets Served

Currently serving all of the **United States**, and **parts of Canada** and **Mexico**

# Scale of Organization

- Total number of employees = **141**
- Total number of operations = **13**
- Quantity of products of services provided = **37 products**

# Locations

Headquarters: **Hawthorne, CA**

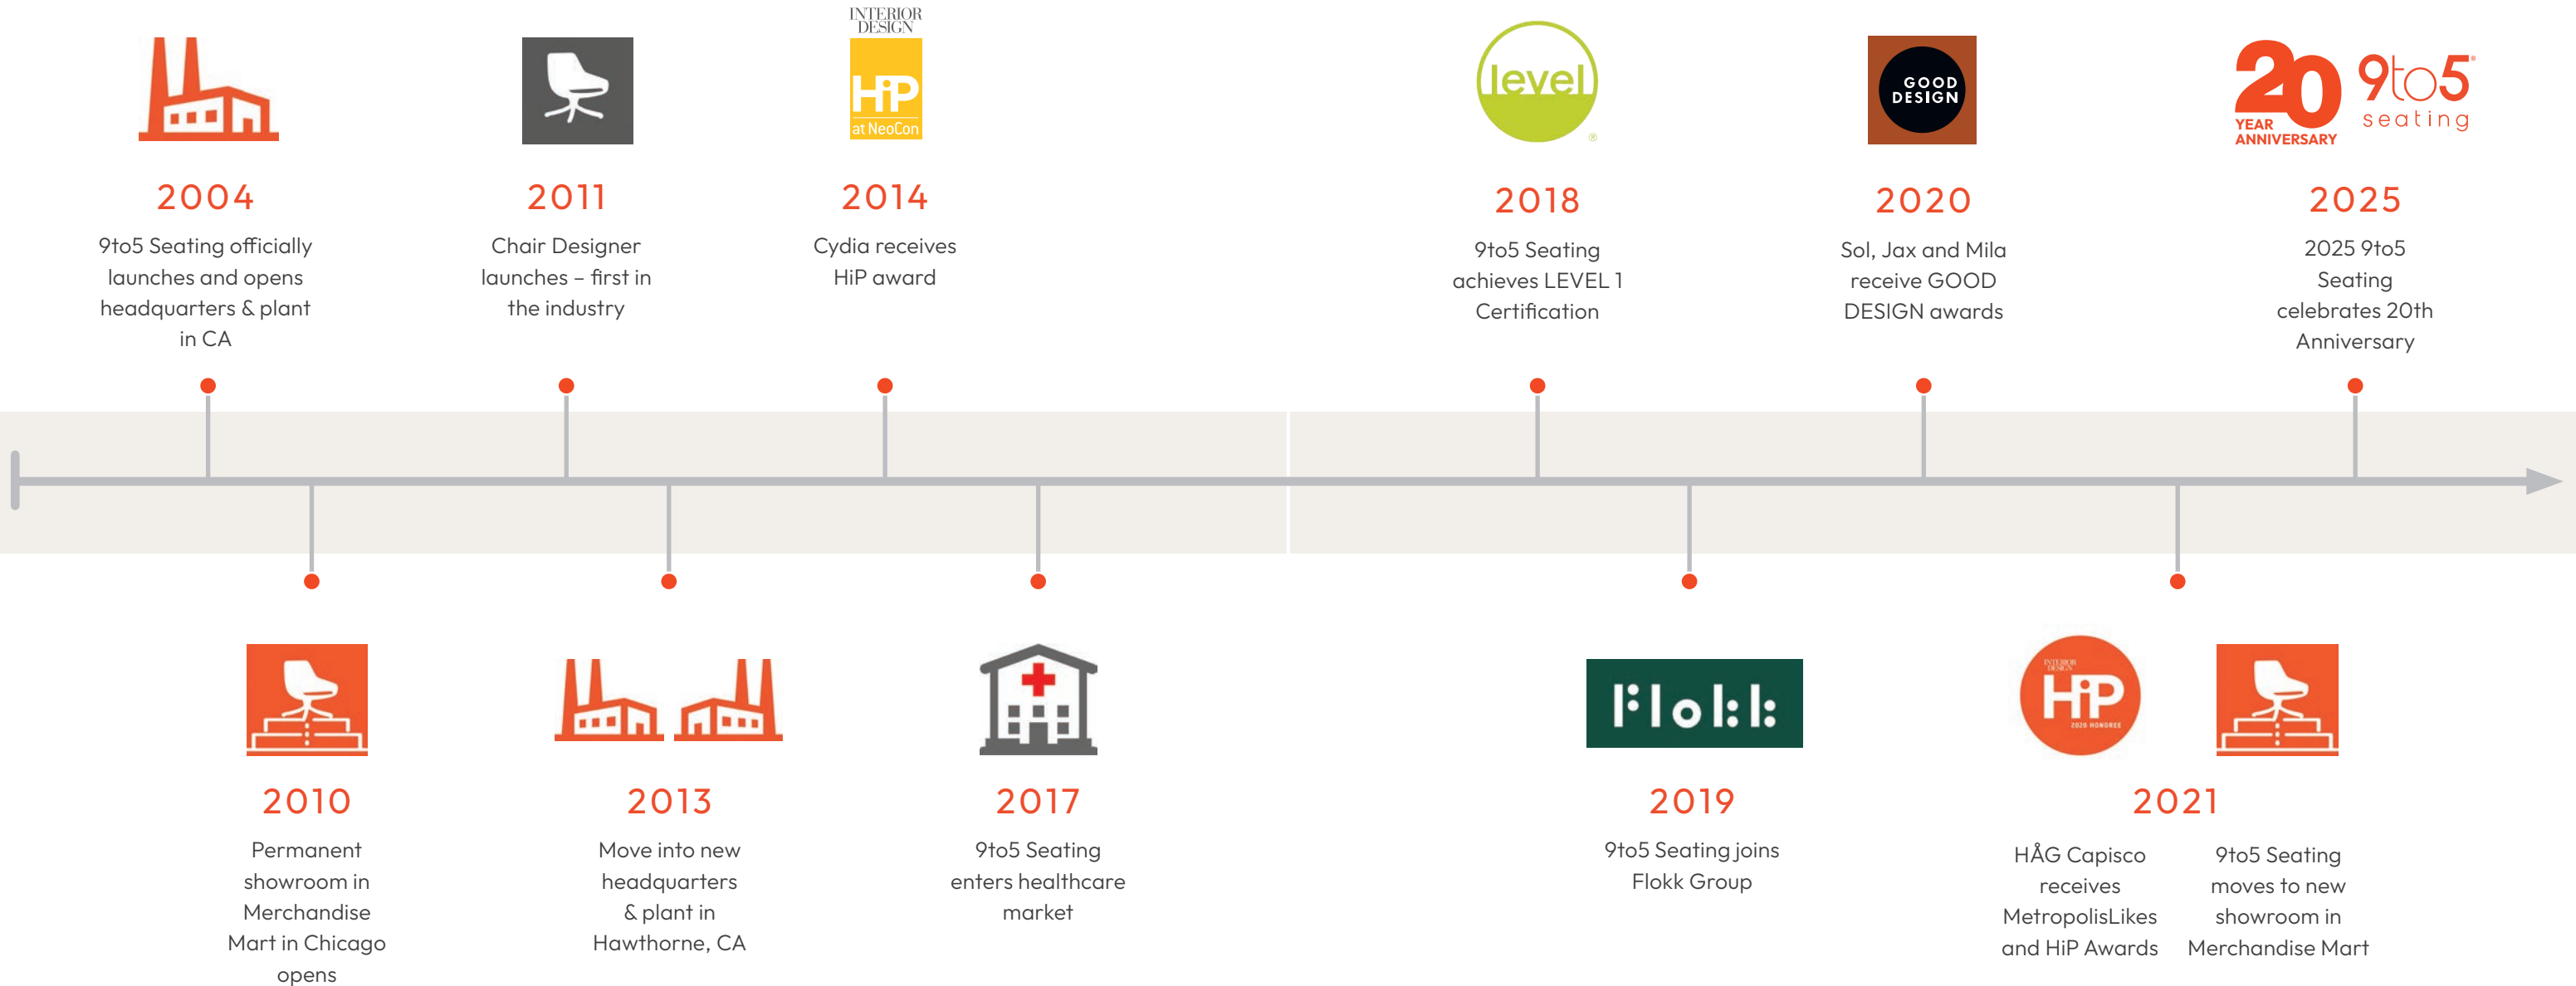

Manufacturing locations: **Hawthorne, CA**  
and **Zhongshen, China**

Showroom Locations:

- **Arlington, VA**
- **Atlanta, GA**
- **Chicago, IL**
- **Dallas, TX**
- **Hawthorne, CA**
- **Phoenix, AZ**
- **San Francisco, CA**
- **San Jose, CA**

# Company History

# 2024 Employee Events

We strive to be a contributing member to our local communities. Here is a list of our 2024 community events, of which we were proud to participate:

**Keep Children in School Foundation (KCIS)**  
9to5 Seating donated to this foundation.

**Los Angeles Food Bank**  
9to5 Seating donated to this foundation.

**One Tree Planted**  
is a 501(c)(3) nonprofit that focuses on reforestation around the globe by planting one tree for every dollar donated. With a long-time dedication to sustainability, 9to5 Seating will focus its donation and efforts on reforestation in California, where the company's headquarters is located and where deadly wildfires have impacted numerous communities in recent years.

**Heart of America**  
The mission of Heart of America (HOA) is to transform spaces into modern learning environments so students and communities can learn and grow. Since 1997, HOA has worked with key partners in under-resourced communities to renovate educational and community spaces and provide a spectrum of resources (including new books, learning technologies, and school supplies for in-school and at-home learning) so all students are given the opportunity for success.

# Health & Safety

## INJURY RATE

YEAR	RECORDABLE INJURIES	TOTAL HOURS WORKED	INJURY RATE
2014	1	231897	0.862451864
2015	1	278412	0.718359841
2016	1	298145	0.670814537
2017	7	318240	4.399195576
2018	2	361393	1.1068283
2019	1	351764	0.568563014
2020	3	264135	2.271565677
2021	6	243133	4.935570243
2022	5	216575	4.617338105
2023	4	339670	2.355227132
2024	3	357322	1.679156512

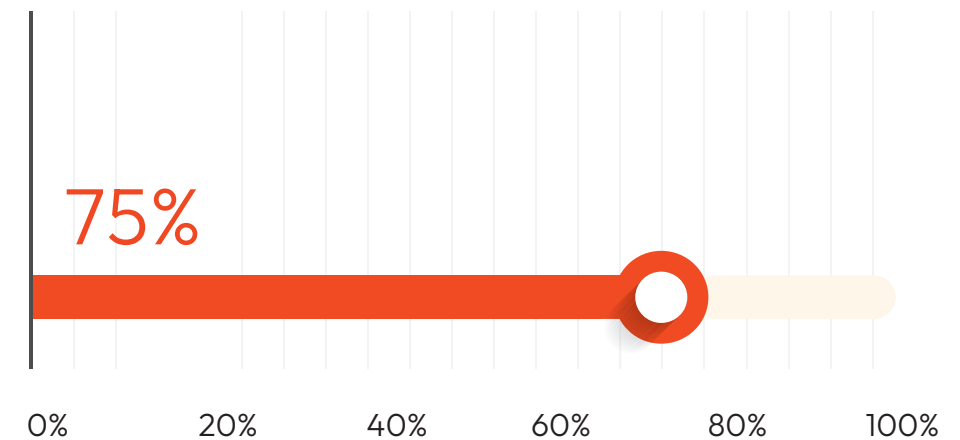

2017 Increase in injury has been a result of incorrectly defined safety procedures. With the formation of the safety council and actions taken thus far, there was a significant decrease in incident level from 2017 to 2022.

# Labor & Human Rights

9to5 Seating provides mandatory employee training on the company Code of Conduct (CoC) which guides our employees in every aspect of our business to help them act lawfully, honestly, ethically, and in the best interests of the company while performing duties on behalf of Flokk. Our CoC provides company guidelines on Business Integrity, Sustainability, and Behavior. To date, we have signed a Code of Conduct document from 77% of our suppliers.

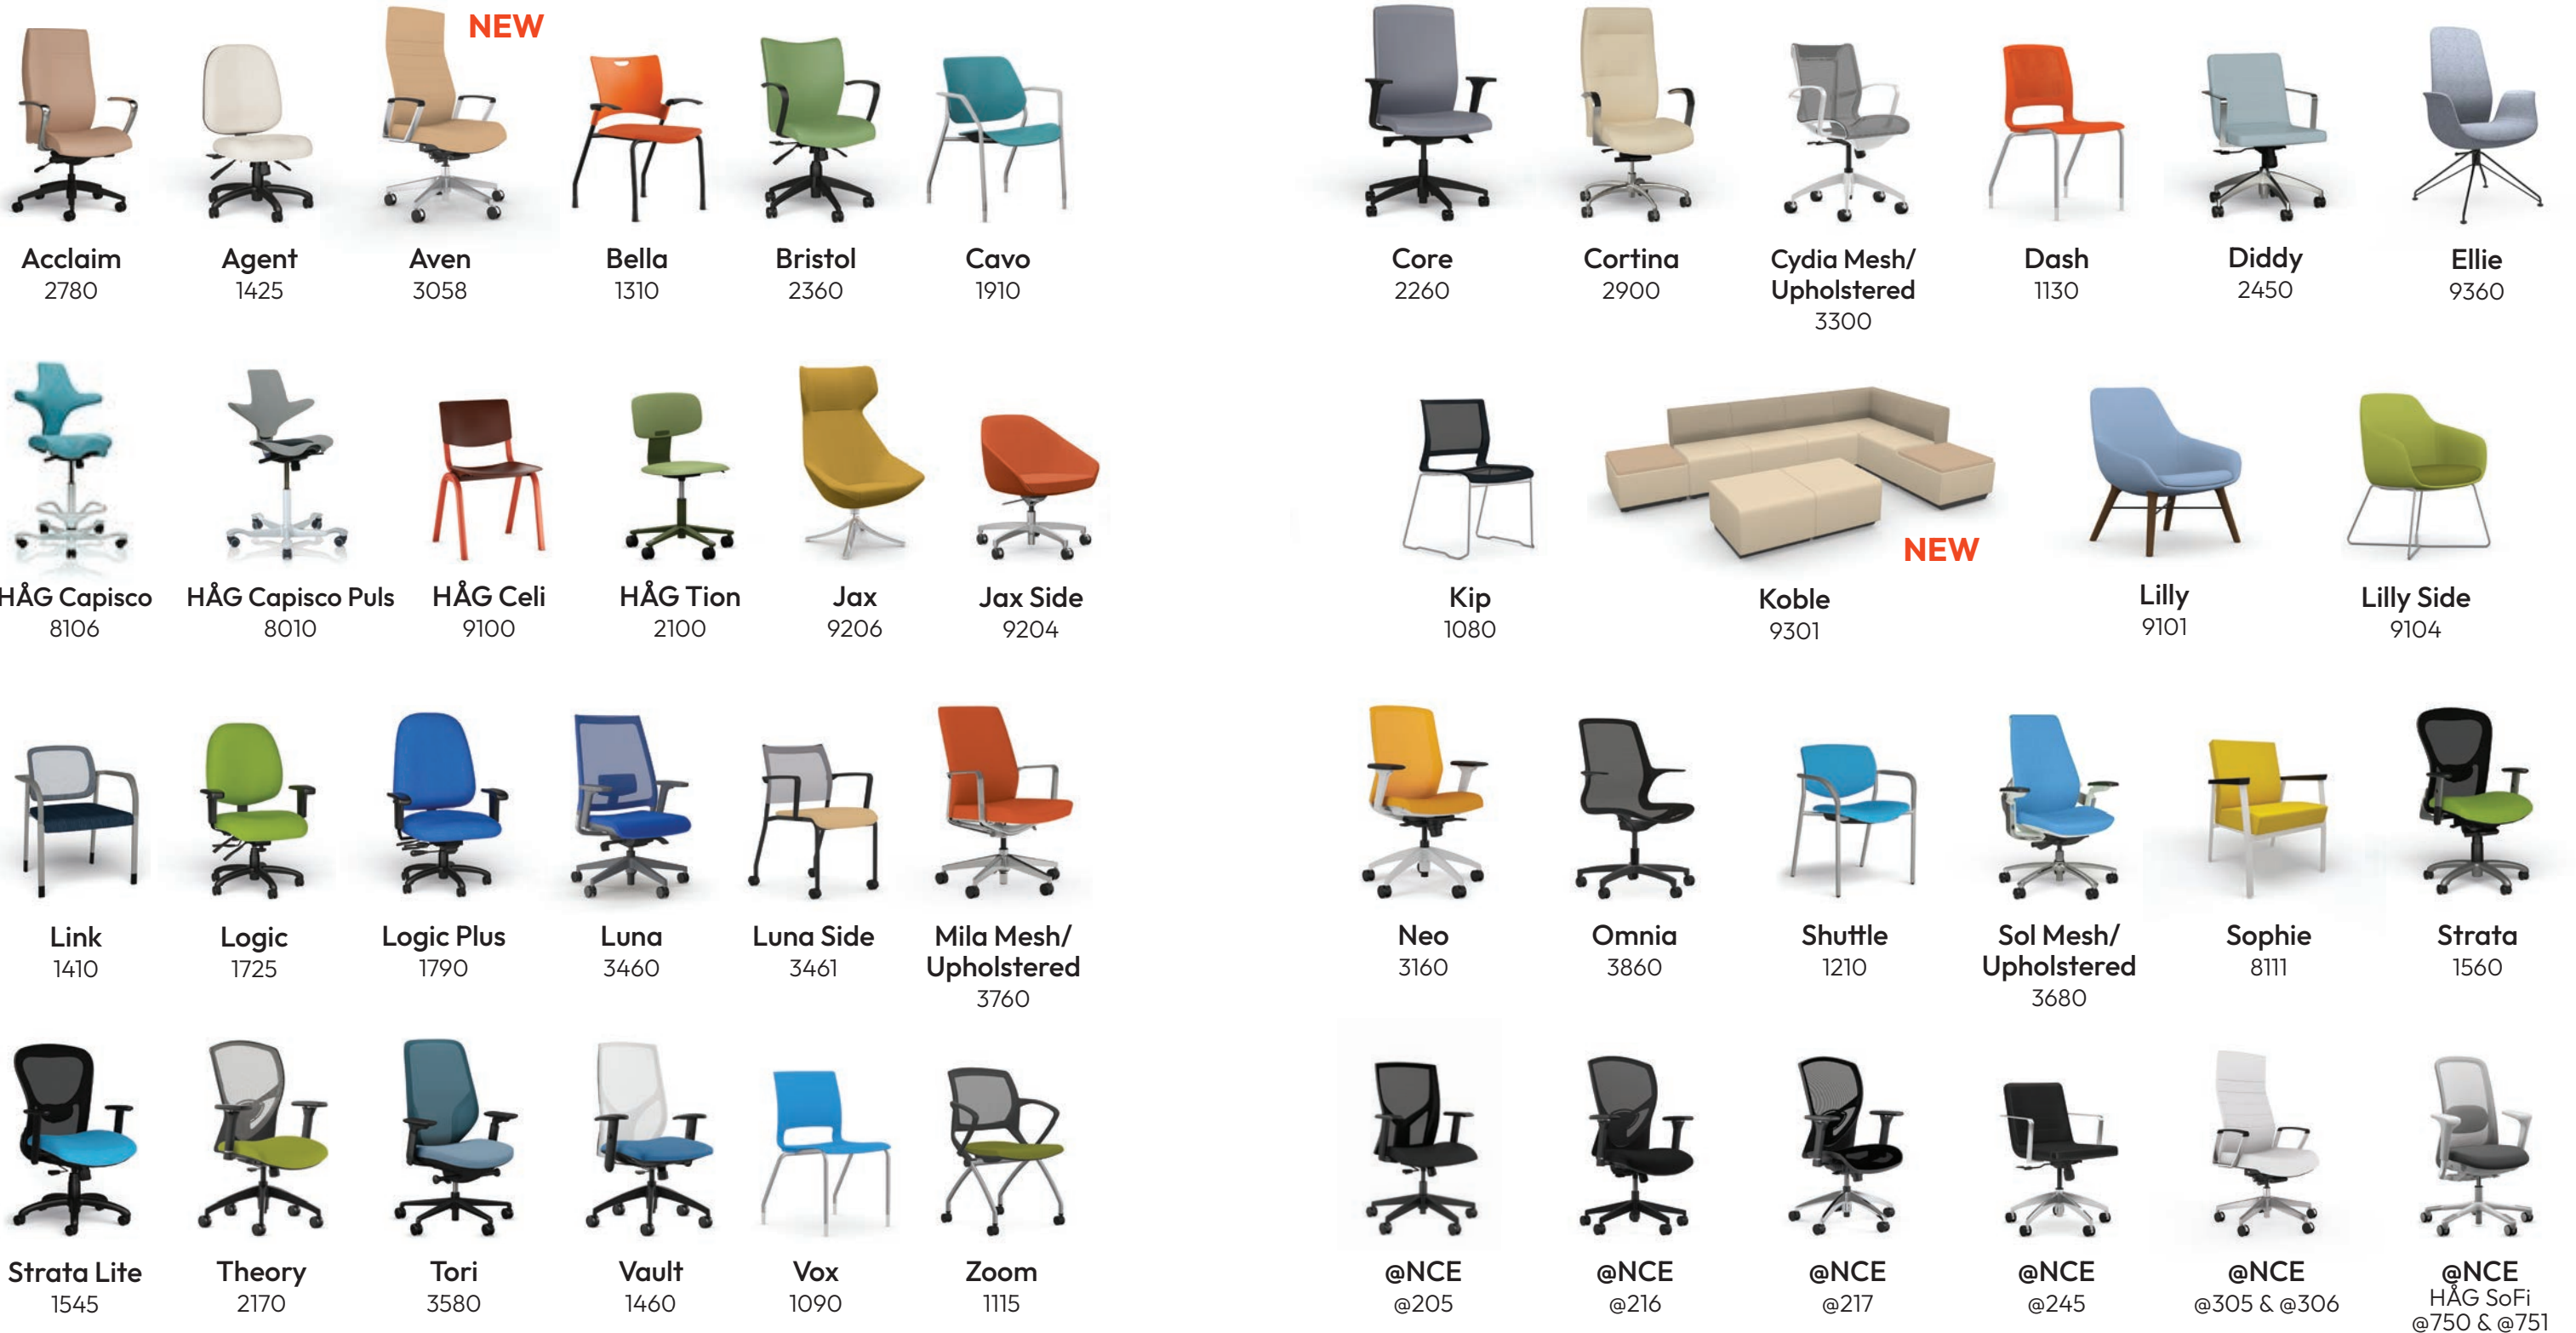

We seek to conduct our business with a high ethical standard to be a respected and trusted business partner for all our stakeholders. We also expect high ethical behavior from all our employees by acting in accordance with this standard.

To what extent does your company meet the following internationally recognized social responsibility criteria?

Include the percent of suppliers that have returned signed copies, based on 2024 spend data

# 9to5 Seating Products

New 2025 models denoted in orange

# Commitment to Sustainability

## 9TO5 SEATING COMMITS TO THINK & ACT GREEN

9to5 Seating is committed to sustainable and environmentally responsible business practices. This global perspective is endorsed and executed throughout every aspect of our corporate culture, and within our warehousing, manufacturing and office facilities. We are proud to demonstrate our commitment by offering GREENGUARD Certified products, participating in the U.S. Environmental Protection Agency’s Waste Wise Program, and have been awarded the prestigious LEED® NC Gold Certification for our factory and corporate headquarters.

## ENVIRONMENTAL COMMITMENT IN ACTION

9to5 Seating’s corporate headquarters uses a rooftop photovoltaic panel system to generate electricity for the facility. To view how much power we are generating in real-time visit our solar portal at [www.9to5seating.com/solar](http://www.9to5seating.com/solar)

### OVER 30 YEARS, THE SYSTEM WILL OFFSET:

- 6,102,370 lbs of CO<sub>2</sub> | a leading cause of global climate change
- 4,192 lbs of NO<sub>x</sub> | a leading cause of smog
- 1,048 lbs of SO<sub>2</sub> | a leading cause of acid rain
- 1,215 lbs of particulates | a leading cause of asthma

6,102,370 lbs of CO<sub>2</sub> is equivalent to the amount absorbed by 13 acres of trees over their lifetime

## GREENGUARD CERTIFIED

Our entire product line earned GREENGUARD and GREENGUARD GOLD Indoor Air Quality Certification issued by the GREENGUARD Environmental Institute. **The GREENGUARD Indoor Air Quality Certification Program assures that products designed for use in office environments and other indoor spaces meet strict chemical emissions limits.**

- Contribute to healthier interior environments.
- Add points for LEED Certification.
- Offer fabrics made from 100% recycled content. (Fabrics made from recycled content are identified with the symbol in the Grade-In section of this price book pages 14 – 23.)
- Manufactured using plastic, nylon, steel, aluminum and polypropylene components that are 100% recyclable.
- Use suppliers that share an earth-friendly philosophy.
- Certified below chemical emissions limits for TVOC, Formaldehyde, Total Aldehydes, Individual VOCs, 4-phenylcyclohexene.

Environmental Data Sheets for all 9to5 Seating products can be found at our web site [www.9to5seating.com](http://www.9to5seating.com). For more information about GREENGUARD programs visit [www.greenguard.org](http://www.greenguard.org).

## LEED®

At its core, a green building is a better performing building. It uses fewer resources and offers a better place to work through improved energy and water efficiency, better air quality, and access to natural daylight. We have been awarded the LEED® NC Gold Certification for our newly constructed corporate headquarters and manufacturing facility.

### Sustainable aspects of 9to5 Seating’s headquarters building design contributing to LEED Gold Certification include:

- Rooftop photovoltaic panel system generating approximately 90% of electricity required for facility operation.
- Reduction of energy consumption through increased natural day lighting to enable factory to operate during an average day with lights off.
- Use of LED lighting throughout office space for further energy savings.
- Site selection promoting development density and community connectivity.
- Providing alternative transportation including access to public transportation, parking for low emitting and fuel-efficient vehicles.
- Quality control of storm water runoff.
- Decrease in heat island effect.
- Use of water efficient landscaping.
- Reduction of water usage by 40%
- Optimization of energy performance through a 28% improvement over 2011 California Title 24 code.
- Recycling or salvaging 75% of construction waste.
- Use of recycled content and regional building materials.
- Increased ventilation to promote indoor environmental quality.
- Use of low-emitting adhesives, sealants, paints, coatings and flooring systems.
