FEATURES

DISTINCTIVE DESIGN

The Jax Collection delivers dramatic lines and striking angles with its geometric, sculptural design that transforms a workplace into a modern showroom. With meticulous tailoring and beautiful craftsmanship, Jax is seating that makes a statement.

A SIGNATURE STYLE

The Jax Collection offers a variety of seating options with its signature style across all models, enabling cohesive design from the lobby to meeting spaces, and even in executive suites. Pieces of the collection can be mixed and matched depending on the look, feel and function of your project. Opt for two-tone contrasting upholstery to play with colors, textures and prints.

THEME & VARIATIONS

The centerpiece of the collection, the high-back lounge is perfect for focus. Its wraparound wings provide a sense of privacy for solo work. The mid-back lounge offers a lower-profile chair perfect for collaboration. Each is available in a steel four-leg, a steel wire rod, or an aluminum swivel base. Jax side chairs strike a balance between a strong presence and a lighter scale. Curate your space with your choice of bases: steel four-leg, wire, aluminum swivel, five-star or wood rocker.

BEAUTIFUL UTILITY

Outfit a team room with guest chairs, define an area with mid-back lounges or choose some high-back seats for quiet time. Focus, interact and recharge with the Jax Collection.

MODERN COMFORT

With a subtly pitched recline and a soft seat, Jax offers premium comfort. The expressive lines and plush feel of the Jax Collection makes creating a sophisticated and inviting space easy.
