

kelley

NOTHING STACKS UP TO THE KELLEY.

Presenting Kelley, the slim, sleek and stackable multipurpose chair that combines a refined silhouette with rugged durability. With a sturdy shell and scratch resistant chrome frame construction, Kelley is a perfect fit for training rooms, cafés, cafeterias and meeting spaces. The Kelley series includes stacking chair, counter and bar stool models for smart seating that goes beyond the multipurpose room.

Kelley makes interior design and space planning easy—even in spaces where needs are constantly changing. Kelley comes in twelve shell colors and thousands of fabric options for an upholstered seat and has a designed-in pull handle for mobility. A large clean-out space makes for easy cleaning and the wall-saver design prevents dents and scratches on its environment. Kelley's space-saving design can be stacked up to 20 on a cart and nine on the floor, and a ganging option allows for easy row-creation for seating large groups. With smart solutions designed-in, Kelley is a multipurpose chair that stacks up—and stands out.
