

Luna

HIGH DESIGN MEETS SUPREME ERGONOMICS

9to5
seating

Boasting task, task stool, and side chair models, Luna is built for easy coordination. Mixing and matching is a snap, with two frame colors and 18 mesh colors to choose from.

The Luna Collection was created to merge comfort and refinement. It has all the ergonomics you want, whether fully upgraded or just the basics. Luna's design options give you infinite possibilities for customization, so it can blend in or stand out.

Add extras like four-way adjustable arms or a height-adjustable lumbar support.

The Luna task chair's distinctive polished aluminum accents on its Black or Dove Gray frame makes every office look and feel like the corner office. Plenty of ergonomic features come standard on the task model, including the seat depth adjustment and multiple synchro controls. If you want even more, you can add extras like four-way adjustable arms or a height-adjustable lumbar support.

Featuring a wall-saver frame design, the Luna side chair is the perfect companion for an office, café, or anywhere else you team up. Choose armed or armless, and coordinate with your choice of black or silver metal frames. With its multiple glide and caster options, Luna side suits various floor types. Luna side easily goes where you need it to, stacking five high on the optional dolly and five high on the floor.

The Luna Collection was created to merge comfort and refinement. It has all the ergonomics you want, whether fully upgraded or just the basics.
