

theory

THE FACTS SUPPORT THEORY AS THE SMART CHOICE.

9to5[®]
seating

FEATURES

VERSATILE DESIGN

Theory is a task chair with a big idea. It's innovation that weds contemporary design and expert ergonomics in an enterprise-wide solution. With multiple models including all mesh or upholstered seat options, Theory is created for tasking but can be used as a conference chair or stool anywhere ergonomics and space planning matter.

EMBRACE ERGONOMICS

Theory comes with wellness features built in, making natural, supported movement easy while promoting energy and alertness. Theory has multiple synchro tilt controls and arm options that include fixed and adjustable. And since the adjustable back height and lumbar can be paired with an optional seat-slider and head rest, Theory offers the complete package of ergonomic comfort.

WHOLLY CUSTOMIZABLE

With thousands of textiles to choose from to customize models for the lunchroom or the board room, Theory is a cornerstone of flexible design and space planning. See all the possibilities with 9to5 Seating's visualization tool Chair Designer, and specify a custom Theory right from the tool.
