

Signature 5.0

9TO5 SEATING'S EXPRESSSHIP FABRIC PROGRAM

Need it fast? We have you covered with a wide variety of upholstery options! Our ExpressShip program offers expedited shipment on our seating products, except lounge. ExpressShip fabric options include the 9to5 Signature 5.0, Breeze 2.0, Nautilus, Vivid, Sil-One Novel and Momentum Swift 3.0 textiles cards. Memo samples are available. Please contact the factory for swatches.

Info

Pattern	Fiber Content & Backing	Finish	Abrasion (D.R.)	Cleaning Code	Grade
Bingo	100% Polyester	Water Repellent	100,000	W	A
Haven	100% Polyester	iClean	95,000	W	C
Esteem	85% Polyester, 15% Viscose Rayon	NA	250,000	WS	B
Pulse	100% Polyester	C-Oh! Stain resistance and SBR Backing	48,000	SW	B
Matrix	100% Polyester	Water Repellent	100,000	W	A
Reverie	65% Recycled polyester, 30% polyester, 5% linen	C-Oh! Stain resistance and latex Backing	100,000	SW	C
Link	100% Polyester	iClean	35,000	W	B
Aura	47% Polyester, 45% Recycled Polyester, 8% Linen	NA	100,000	S	B

These patterns meet or exceed these ACT Performance Guidelines for upholstery.

All patterns are FR free.

ICON UPHOLSTERY DEFINITIONS

- Fire Retardancy**
Flammable testing determined as fabric's resistance to burning. PASSES - California 117
- Colorfastness To Wet & Dry Crocking**
Colorfastness to wet & dry crocking refers to the rubbing off of color from the fabric unto clothing, hands or other materials and can occur under wet or dry conditions. PASSES - AATTCC 8-1974 Dry Crocking, Class 4 minimum: Wet Crocking, Class 3 minimum.
- Abrasion**
Abrasion is the ability of fabric to withstand damage from wear and rub. This is a general contract specification as well as a heavy duty specification. PASSES - General Contact: ASTM 3579 modified (#10 cotton duck); 15,000 double rubs Wyzenbeek Method
- Heavy Duty:** ASTM 3579 modified (#10 cotton duck); 30,000 double rubs Wyzenbeek Method or ASTM D4966 (with 21oz. weight); 40,000 rubs Martindale Method
- Colorfastness to Light**
Colorfastness to light is the degree to which fabric will retain its color when exposed to light.
PASSES - AATCC 16A-1974 or AATC 16E-1976; Class 4 minimum at 40 Hours. NOTE: Class 4 minimum at 60 hours is recommended for direct sunlight exposure situations.
- Physical Properties**
3 Physical property tests include: brush pill test to determine a fabric's pilling. Breaking/tensile strength is the ability of a fabric to withstand tension without breaking or tearing. Seam slippage is the pulling apart of fabrics at the seam.
PASSES - Brush Pill ASTM D3511, 3-4 minimum. Breaking Strength ASTM D3597-D1682-64 (1975) 50lbs. minimum in warp & weft Seam Slippage ASTM D3597-D434-75 25lbs. minimum in warp & weft.

CLEANING CODE DEFINITIONS

- W:** Water-based foam or cleaner.
- WS:** Water-based cleaning agents, foam or solvent-based cleaners may be used. CAUTION: Use of water-based or detergent-based solvents may cause spotting, shrinking and/or permanent water stains. Solvent cleaning agents will remove water stains.
- S:** Spot clean only with a water-free cleaning solvent. DO NOT USE WATER. Cushion covers should not be removed and dry-cleaned. When cleaning a spill, blot immediately to remove spilled material. Clean spots or stains from the outside to the middle of the affected area to prevent circling.
- SW:** Dry cleaning solvents or water-based detergents may be used

FINISH DEFINITIONS

- i-clean™** is a high performance stain, and moisture repellent, based on Nano technology.
- Stain repellent** is designed to withstand most discoloration caused by contact with liquids.
- Water repellent** repels most water and oil but is not thoroughly water proof.
- C-oh!** finish offers superior resistance to liquids and water-based stains while maintaining the fabric's soft hand and color vibrancy. This immersion finish prevents liquids from penetrating the fabric's surface, causing aqueous stains to bead up and roll off. (C-oh! is a perfluorocarbon-free stain resistant finish that extends the life of the fabric while reducing its carbon footprint with no PFCs, no PFAS (including no PFOA nor PFOS), no Heavy Metals (including no Lead nor Cadmium), no Phthalates, no Formaldehyde, and is Prop 65-compliant.)
