comfortable

## Sit down and get comfortable.

Sit down and get comfortable. While sitting comes naturally, there's much more to the "get comfortable" part of this saying. It might take a simple height adjustment or a slide of the seat pan, but if the price of the chair does not align with your budget, it'll never be the right fit for you. Our team of industrial designers, engineers, and manufacturing automation specialists is constantly improving the product and discovering efficiencies in processes, resulting in greater value and shorter lead times.

From task to lounge, we are designing and delivering chairs that are as gorgeous as they are functional, yet most find the quality most attractive. When comparing seating, fit and finish is often a pretty good indicator of price, but with us that's not the case. Our chairs are often perceived to be much more expensive than they are. Innovation, along with unmatched manufacturing prowess, is why other brands only talk about quality while we're able to back it up with one of the best warranties in the industry. Not only will you be comfortable specifying 9to5 Seating, you'll be able to relax, knowing the customer will be sitting pretty for years to come.

**cavo**

Cavo takes high design where it's never been before—the multi-purpose room. Created by Italian designer and architect Claudio Bellini, Cavo turns mixed-use spaces into aesthetic oases for creative thinking and collaboration.

Attention to detail

# HÅG capisco

In imagining the HÅG Capisco, legendary designer Peter Opsvik declared, "The best posture is always the next one."

task

The image shows two black mesh office chairs with blue seats in a modern office setting. The chairs are positioned in front of two desks with wooden tops and black frames. Each desk has a computer monitor, keyboard, and mouse. The background features a white brick wall and large windows. The word "tori" is written in orange lowercase letters in the top left corner, and "task" is written in white lowercase letters in the bottom right corner.

tori

Tori is an innovative new task series that delivers unparalleled performance with influence impact, making every chair an expression of an enterprise's story. With an accessible price point, the Tori series delivers extraordinary comfort and ergonomics thanks to its unique signature curved back that provides natural designed-in lumbar support with optional adjustable lumbar also available.
