Plastic	Polypropylene, Nylon, ABS	34%	60% PC	Recycle where possible
Miscellaneous		0%	0%	Recycle where possible

Total Post Consumer Recycled Content

28.8% to 30.8%

PI = Post Industrial or Pre Consumer Recycled Content

PC = Post Consumer Recycled Content

¹Values are based on the recycled content of the total chair weight and the specific chair style

²Range based on specific fabric brand and type

Comments:

- 9to5 Seating complies with the FTC's Guide for the Use of Environmental Marketing Claims.
- 9to5 Seating encourages blanket-wrapped shipping - corrugated cartons are used for other modes.
- Product recycling depends on local program.

Indoor Air Quality (IAQ) - Greenguard Certification

Good, clean, indoor air quality is critical to providing healthy environments for building occupants. People today spend as much as 90% of their time indoors. GREENGUARD Certification offers a way to keep pollutants out in the first place. Using products bearing the GREENGUARD Indoor Air Quality

Certified® mark can rest easy knowing these products have been independently tested and meet one of the most rigorous chemical emission standards in the world. 9 to 5 Seating's GREENGUARD Certification makes them recommended by the U.S. Green Building Council's (USGBC) LEED® Rating System. We're proud of our certification and our commitment to the environment.
