

# HÅG Celi

SUSTAINABLE SEATING FOR DYNAMIC WORKSPACES.

9to5<sup>®</sup>  
seating

## FEATURES

---

### RELIABLE VERSATILITY

HÅG Celi is more than an elegant enterprise-wide solution. It's fun. Colorful and confident with a gentle, curved design, HÅG Celi brings a playful aesthetic to meeting or training areas, cafes or open workspaces. It's built with aluminum for reliable structural support and was created with sustainability at its core.

### UNPARALLELED SUSTAINABILITY

HÅG Celi makes a statement: we're committed to saving the planet. Made from more than 76% post-consumer recycled and renewable materials, HÅG Celi is a standout among even the most environmentally friendly seating products. With a staggering 94% of the plastic and 75% of the aluminum from converted consumer material, HÅG Celi doesn't just impact the workspace—it impacts the world. HÅG Celi is BIFMA LEVEL 2 and GREENGUARD GOLD Certified.

### INNOVATION IN MOTION

HÅG Celi turns theory into action. Using HÅG inBalance® technology, HÅG Celi fosters concentration with a designed-in rocking motion in the seat and back to create a well-being feature unheard of in a stacking chair. Taking its place at the fore of the active seating revolution, HÅG Celi truly is seating that moves you.

### PLAYFUL POSSIBILITIES

When it comes to design, the HÅG Celi looks like fun and feels like confidence. The durable aluminum frame comes in four warm colors and the plastic seat and back are available in coordinating hues. Combine with the thousands of textile options, and Celi offers designers an endless palette of possibilities.
