SEATING SOLUTIONS FOR HEALING

ABOUT US

Sit down and get comfortable. While sitting may come naturally, you're not always guaranteed it will be comfortable. Even when you do find a chair that's comfy, you won't feel that way if the selection, purchasing, delivery, or customer service was a pain.

At 9to5 Seating, we are 100% focused on seating and take a 360-degree look at every aspect of the process to ensure you're always at ease. While other manufacturers invest in diversifying their offerings, we are completely invested in making the most personal piece of furniture—seating—align with all your needs.

From task to lounge, we are designing and delivering beautiful, resilient, dependable chairs that are backed by one of the best warranties in the industry. So, go ahead, sit back, relax, and stay comfortable with 9to5 seating.

HEALTHCARE-FRIENDLY SEATING

From single guest seats to lounge collections, discover a wide selection of healthcare appropriate seating and tables for lobbies, exam rooms, meetings rooms and beyond. All our seating is durable enough to withstand the demands of heavy traffic, and many of our models feature a clean-out space for easy maintenance.

healthier hospitals

Many 9to5 Seating chair models meet the Healthier Hospitals Safer Chemicals Challenge for Healthy Interiors Version 2.0 when conforming to the following configuration guidelines:

- Chair models must be manufactured utilizing any of the Healthier Hospitals compliant textiles.
- Products must not be ordered with CAL 133 option.
- Products must not be upholstered in any form of vinyl materials or use stain or water repellent treatments that contain PFC not meeting HH safer chemicals challenge version 2.0.

GREENGUARD gold certified

All our products meet GREENGUARD Gold certification which tests for emission levels for environments like schools and healthcare facilities.*

BIFMA LEVEL certification

HÅG Capisco and HÅG Capisco Puls are LEVEL 3 certified. All other 9to5 Seating products are LEVEL 2 certified.

high-performance textiles

9to5 Seating carries a full selection of textiles that are uniquely suited for high-traffic areas to keep mold, mildew and bacteria under control.

**These chemicals include any of the 800+ chemicals that the California Office of Environmental Health Hazard Assessment (COEHHA) lists as a carcinogen or are a reproductive toxicant – including many common, everyday elements found in businesses of all kinds and sizes.*
