4 Paddle

Control Guide

With a weight capacity up to 500 lbs, in addition to multi-task ergonomic functions, its ideal for police departments, 911 emergency, hospitals or whenever a higher weight capacity is needed. a 3.00" wide 5/16" thick cold rolled steel back support adds strength and back-pull durability.

Infinite Position Seat Tilt-Lock:
Lift the lever up to release the tilt-lock. Tilt the seat into desired position then push the lever down to lock the seat into place, or leave lever up to keep in free float.

Seat Height Lever:
Pull and hold the lever to raise the seat, Release the lever to lock at the desired height. Lift and hold lever while applying weight on seat to lower seat height.

Infinite Back Angle Adjustment:
Lift the lever up to release the back. Angle the back into desired position then push the lever down to lock the back into place.

Forward Tilt Seat Lever:
Rotate lever clockwise towards the floor to increase pitch of seat from 0 to 6 degrees. Rotate counter clockwise towards the bottom of the seat to return seat to level position. Lift weight from seat before rotating lever.

Seat Slider Paddle:
Press and hold down the seat slider paddle and move the seat to the desired location and release the paddle to lock the seat in place.
